HOT SIGNALS BATCH 7

300 New Verified Hot Leads - RUO Peptide Supply

Regency Care Group | March 14, 2026

EXECUTIVE SUMMARY

Batch 7 delivers 300 brand-new, fully deduplicated hot leads for Regency Care Group's RUO peptide supply outreach program. All leads were sourced from real-time signals including grand openings, new service launches, social media announcements, press releases, and active peptide therapy pages confirmed in Q1 2026. This batch covers all 50 U.S. states plus Washington D.C., with the highest concentration in Florida, Texas, California, Georgia, and Colorado. Combined with the existing 376-lead master database, the total pipeline now stands at 676 verified clinic contacts.

OUTREACH STRATEGY & TALKING POINTS

TIER 1 - IMMEDIATE OUTREACH (165 leads)

Call within 24 hours. These clinics have demonstrated the highest buying intent through grand openings, new service launches, or active peptide therapy pages confirmed in Q1 2026. Lead with a congratulatory opening, reference their specific signal (e.g., 'I saw your grand opening announcement'), and offer a complimentary RUO starter kit to get them ordering immediately.

TIER 2 - WARM FOLLOW-UP (135 leads)

Reach out within 72 hours. These clinics have active peptide services or expansion signals. Position Regency Care Group as the preferred RUO supply partner with competitive pricing, fast turnaround, and a comprehensive peptide catalog. Offer a volume discount for first orders.

TOP OPENING SCRIPT

"Hi [Name], this is [Your Name] from Regency Care Group. I came across [Clinic Name] and saw that you recently [launched peptide therapy / opened your new location / announced your peptide services]. Congratulations - that's exciting! We specialize in RUO-grade peptide supply for clinics like yours, and I'd love to send you a complimentary sample kit of our most popular peptides - BPC-157, TB-500, and Ipamorelin/CJC-1295. Would that be helpful?"

KEY PEPTIDES TO LEAD WITH

BPC-157 / Pentadeca Arginate (PDA) - Highest demand; tissue repair, gut health, joint recovery. TB-500 - Muscle recovery, anti-inflammatory, popular with sports-focused clinics. Ipamorelin / CJC-1295 - Growth hormone optimization; pairs with hormone therapy programs. NAD+ - Longevity, energy, cognitive function; pairs with IV therapy menus. GHK-Cu - Skin repair, aesthetics; pairs with med spa and aesthetic clinic menus. AOD-9604 / MOTS-C - Weight loss peptides; pairs with GLP-1 and metabolic programs.

REVENUE PROJECTION

Batch 7 represents an estimated $3,758,479 in monthly recurring revenue potential across 300 clinics, averaging $12,528 per clinic per month. Tier 1 clinics alone represent $2,796,749 in monthly revenue potential. At a 15% conversion rate, Batch 7 is projected to generate approximately $563,771 in new monthly recurring revenue.

CUMULATIVE MASTER DATABASE STATUS

The Master Lead Database v3 now contains 676 total verified clinic contacts across all 7 batches. The database covers all 50 U.S. states plus Washington D.C. and represents the most comprehensive RUO peptide clinic prospect list assembled for Regency Care Group. All leads have been deduplicated and enriched with contact information, peptide menus, certifications, priority tiers, quality scores, estimated monthly revenue, and tailored outreach angles.
